The Company has filed a Form 12b-25 Notification of Late Filing with the Securities and Exchange Commission (SEC) to avail itself of the 15-day grace period for timely filing its 2014 Annual Report on Form 10-K, which is expected to be filed on or before April 15, 2015.

About HII Technologies, Inc.

HII Technologies, Inc. is a Houston, Texas based oilfield Services Company focused on Total Frac Water Management with operations in the Southwest United States. It has two supporting divisions in oilfield power management and safety services. By focusing on the critical service areas of Water, Safety and Power, the Company's bundled services approach has allowed them to become a cutting edge technology provider and cost saving solution to oilfield operators who are looking for ways to improve efficiencies in the current price environment. The Company's frac water management division does business as AES Water Solutions, Hamilton and AquaTex, its onsite oilfield contract safety consultancy does business as AES Safety Services and its mobile oilfield power subsidiary does business as Sage Power Solutions, formerly South Texas Power (STP). HII Technologies' objective is to bring proven technologies to these operating divisions to build a long-term competitive advantage for its stakeholders.
